
World War Z (2013) Full Movie Watch Online Free - World War Z (2013) is a post-apocalyptic action horror film directed by Marc Forster. The screenplay by Matthew Michael Carnahan and Drew Goddard is from a screen story by Carnahan and J. Michael Straczynski, based on the 2006 novel of the same name by Max Brooks. The film stars Brad Pitt as Gerry Lane, a worker in the international organization who must travel around the world to find out how many people are infected with "wild" zombie AI in order to stop it. This is the story of United Nations employee Gerry Lane (Brad Pitt), who traverses the world in a race against time to stop the Zombie pandemic that is toppling armies and governments, and threatening to decimate humanity itself. Gerry, his wife Karin (Mireille Enos) and their two daughters are on vacation in Africa when the outbreak occurs. Separated from his family, Gerry traverses the world in a race against time to find his wife and children.

Director Marc Forster had considered setting an earlier scene in New York City but decided that an African prologue would "allow us to understand how thin the veneer of civilization really is". The film was shot in Malta, Malta, Belgium, Toronto, and Budapest. The scenes set in Morocco were filmed at the citadel of Alcazaba de Almeria. The film had a worldwide gross of \$392 million against its \$190 million budget. The worldwide weekend estimate was \$87.7 million, with the U.S. share being \$52 million and Canada being \$13 million. It opened in South Korea on October 10 where it opened at number one with earnings of 84.1 million from 1 million admissions during its first two days of release and earning a total gross of 5 billion won during its run there, making it the highest-grossing movie in Korean history. "World War Z" was released in the United States on June 21, 2013, in 2D and RealD 3D. An early "sneak peek" of the film was shown on April 1, 2013 at CinemaCon in Las Vegas. The main film premiered June 14, 2013 at the Regency Village Theater in Westwood, California. An alternate 3D version of the film was also screened there prior to the regular release. The film had a worldwide release of June 21, 2013 across 11,103 screens in 74 countries. The U.S. release included 2,750 theaters, including 221 IMAX venues. It was originally scheduled to be released in the United States and Canada on December 21, 2012 but following several delays was pushed back to June 21, 2013. The film received mixed reviews from critics. Review aggregator Rotten Tomatoes gives the film a score of 58% based on reviews from 229 critics with an average rating of 5.8/10. The site's consensus reads: "It may not rank among zombie classics like "Night of the Living Dead", but "World War Z" is an above-average zombie thriller bolstered by Brad Pitt's solid performance.
